When you're ready to leave alcohol and substance abuse behind.

New Horizons Recovery Center provides counseling and treatment for adults facing substance use disorders. We offer group and individual treatment so you're surrounded by people who understand. We know recovery is a process. That's why we make it accessible for everyone.

Start the journey to recovery today.

WellStone's substance abuse programs focus on practical and approachable behaviors to help move your life forward. We'll help you find a plan to achieve the desired level of recovery.

Programs Offered:

Comprehensive Assessments serve as the first step in determining recovery goals and the appropriate treatment program.

Outpatient Groups focus on treatment of substance abuse disorders. (Minimum 2 hours per week)

Intensive Outpatient Groups address substance dependence and meet for a minimum of nine hours of treatment per week. (Minimum 9 hours per week)

Continuing Care Groups help sustain recovery upon completion of the Outpatient or Intensive Outpatient Program. (Minimum 2 hours per week)

Individual Counseling is offered on an as-needed basis.

Daytime and evening services are available.

Additional Programs:

- Case Management
- Inpatient Treatment Referrals
- Psychiatric Services
- Collaboration with court systems and local jail

New Horizons Recovery Center is certified through the Alabama Department of Mental Health. Priority is given to pregnant women, women with dependent children and IV drug users.
